## Step 2: Add screening questions

We added screening questions based on your job description to help you identify qualified applicants (we recommend adding 3 or more). Applicants must answer each question. Make sure to delete unneeded questions.

How many years of work experience do you have using PHP \* ?

☐ Must-have qualification | Ideal Answer: 1 minimum

How many years of work experience do you have using Java \* ?

☐ Must-have qualification | Ideal Answer: 1 minimum

Have you completed the following level of education: Bachelor's Degree \* ?

☐ Must-have qualification | Ideal Answer: Yes

Add screening questions:

### Web Developer

Self • Remote • Bangalore Urban, Karnataka

### Why use screening questions?

- Your job post is highlighted to members who match your requirements
- Applicants who pass your screening questions are also highlighted to you, so you never miss a qualified applicant
- Sort applicants based on the number of qualifications met
